- Az árak az ÁFA-t nem tartalmazzák.
- FIGYELEM! Nem mindegyik mozaik alkalmas minden környezetbe, pl. vizes helyiségekbe vagy padló burkolására. Rendelés során kérjük, egyeztessenek velünk az adott mozaikot illetően. Nem tudunk felelősséget és garanciát vállalni a nem megfelelően felburkolt vagy a nem megfelelő környezetbe felburkolt mozaikért.
- A mozaik színei gyártásonként eltérőek lehetnek, ezért érdemes minimális ráhagyással megrendelni a terméket.
- Mivel üvegmozaikról van szó, fugázás után minimális eltérés jelentkezik a kifugázott és a még nem felburkolt lap között, ez természetes jelenség.
- Fenntartjuk a jogot, hogy amennyiben visszahozzák az árut, úgy 20%-os kezelési költséget számítunk fel.
- A mozaik burkolását mindig bízunk tapasztalt szakemberre.
- Kérjük, a mozaik dobozában elhelyezett burkolási útmutatóban foglaltakat minden esetben olvassák el figyelmesen és tartsák be, mert csak így tudunk garanciát vállalni a termékekre!  
Amennyiben nem találják a dobozban vagy bármilyen kérdés felmerül, lépjenek velünk kapcsolatba még a burkolási munkálatok megkezdése előtt.
- Burkolás előtt minden lapot vizsgáljanak meg és hasonlítsanak össze.
- Mielőtt a teljes mennyiséget felburkolnák, minden esetben próbaborkolást javasolunk végezni. A legjobb eredmény elérése érdekében, a mozaikok burkolásához színazonos fuga használatát javasoljuk.
- Felburkolt mozaikra reklamációt nem fogadunk el.
- Kérjük, minden megrendelt mozaikhoz kérjék a tisztítási útmutatót!
- Fenntartjuk a jogot az árváltoztatásra, termék design és a raktárkészlet változtatásra minden előzetes értesítés nélkül.

# LITOKOL®

Az Aita Studio minden termékéhez -de leginkább a Melange szériához - a Litokol termékeket javasolja a burkoláshoz.

- Csomagolás 2,14 m2/doboz, 2mm-es fuga, papírra kasírozva
- Az árak az Áfa-t nem tartalmazzák.
- Fizetési feltétel: minták, frízek, egyedi és speciális keverékek esetében a teljes összeg előre utalása.
- Minták, frízek, egyedi és speciális keverékek megrendelését nem lehet visszavonni, azt minden esetben az Aita Studio kiszámolja.
- Egy doboznál kisebb mennyiségű áru megrendelésre 50% felárat számítunk fel.
- Az áru szállítási határideje függ az áru mennyiségétől és fajtájától. Átadás helye Budapest.
- ÉMI engedély száma: A-2476/2008 (A-415/2002).
- Felhasználási terület: fal és padló burkolására alkalmas. A használata nem javasolt erős gyalogos igénybevételű ipari és kereskedelmi terek padlóinak burkolására.
- A minden előzetes értesítés nélküli ár változtatás jogát fenntartjuk.
- A mozaik színe soha nem homogén.
- A sarkok töredezettsége, apróbb repedések, színeltérések, felületi tökéletlenségek, átmérő béli eltérések az anyag és a gyártási folyamat együttesen elfogadott velejárói. A mozaik minták, az Aita Studio katalógusaiban, színes anyagaiban, minta tartóiban és bármely más kiállítóállványán tájékoztató jellegűek. Az Aita Studio nem tudja megismételni a kollektciókban található minták színeit és azok árnyalatait.
- Ezen felül nem tudjuk garantálni, hogy a dekorációk és annak hátterei megegyezők lesznek, mert azokat külön-külön gyártják.
- A mozaik színe soha nem homogén és nem egységes. Utánrendelés esetére sem tudjuk garantálni a színárnyalatok azonosságát.
- Általánosan elfogadott és a mozaik sajátosságának tekintendő a sarkain előforduló csorbulás, repedés vagy törés. A mozaik felületén kisebb-nagyobb gödröcskék, mélyedések találhatóak. Éppen ezért mindig a mozaik színéhez legközelebb álló fugaszínt javasoljuk a fugázáshoz. Az üvegmozaik félig áttetsző, ezért előfordulhat, hogy lerakás után a ragasztó vagy a fuga színe befolyásolja a mozaik végső színárnyalatát. Legyünk óvatosak a ragasztó kiválasztásakor, vásároljunk fehér színűt. A burkolás befejeztével érdemes a felületet megfelelő törölvel letisztítani, hogy fényét, csillogását visszakapja.
- Az üvegmozaik lerakását bízunk ebben jártas szakemberre. A legnagyobb burkoló segédanyagot gyártó cégek minden egyes műveletre kifejlesztették a megfelelő ragasztóanyagokat. Az Aita Studio a LITOKOL STARLIKE termékeket javasolja burkoláshoz.
- Minden az Aita Studio által forgalmazott termékkel szemben támasztott kifogást írásban és a burkolás folyamata előtt kell megfogalmazni. Kérjük átvételkor ellenőrizni a termékeket. A burkolás után a vásárlók automatikusan elvesztik kifogásolási jogukat a látható és nem látható hibákra egyaránt, és a termék elfogadottnak tekintendő. Ezért ajánlatos előzetesen néhány m2 mozaikot próba gyanánt letenni. Az üvegmozaik száraz, hűvös helyen tartandó. A VASTAGGAL kiemelt termékek kifutó termékek, a készlet erejéig kaphatók. A csillaggal (\*) megjelölt termékek rendelhetők.
